GIVES SELF UP

Quantico's Exchange Office Reports at Buffalo Recruiting Station
Maj. Henry S. Green, U. S. M. C., who a week ago reported he had been robbed of \$10,000 belonging to the post exchange of Quantico, Va., and then suddenly disappeared, has surrendered himself to the authorities at Buffalo, N. Y., it was learned here last night.

Maj. Green's original story was that he was knocked unconscious and robbed in his Quantico home by a man who had been hiding in a closet. At the time, he said, he was dressing preparatory to taking the money to a bank at Fredericksburg, Va.

When a board of inquiry was called Green suddenly disappeared, his wife leaving alone.

According to information from Buffalo, Green entered the recruiting station, said he understood he was "wanted" and desired to give himself up. He left Buffalo for Quantico last night in company with another Marine officer.

BUY FISHING GROUNDS

Fredericksburg Sportsmen Will Erect Fish Clubhouse on Property in Caroline Co.

Fredericksburg, Va., Sept. 8.—A party of 15 sportsmen of this city, have purchased the F. M. Travis mill property, containing 68 acres, 30 of which are covered by a pond. The improvements on the property include a grist mill and miller's house. Travis' pond is one of the largest and best fishing ponds in Caroline county. Its waters abound with large mouth bass, jack fish and silver perch. It has been a mecca of fishermen in this section for many years.

The property was purchased solely as a place of recreation and sport and not as a investment. A large clubhouse with modern improvements will be arranged for the comfort of the owners and their families.

LOCOMOTIVE WHISTLING LEADS TO CHILD'S DEATH

Glassboro, N. J., Sept. 9.—A shriek of a locomotive whistle frightened a team of horses while the driver was unloading tomatoes at the Fort Starwick Cannery here yesterday and the animals dashed forward and crushed the life out of a two year old child.

The child belonged to Peter and Mary Barletto, both of whom are employed at the cannery. Their home is in Philadelphia. The team was driven by Clark Missini, who said that he had not noticed the child playing near the wagon.

PRONOUNCE "NINE-LFED MAN" OFFICIALLY DEAD

Houston, Sept. 8.—For the tenth time within the last year M. L. Granberry was officially pronounced dead yesterday by physicians at the municipal hospital. On nine previous occasions the man "came to life" after physicians said he had expired, and several times he had been all but buried when he revived.

POISONED ALCOHOL KILLS SEVEN

John A. McCuen of Alexandria and Joseph Langley Former Resident Victims

FOUR DIED YESTERDAY

Military Authorities Uncertain Whether Men Drank Alcohol Stored at Post or Procured From Outside.

Baltimore, Md., Sept. 8.—Seven civilian employees of the Edgewood Arsenal are dead and four more desperately ill as a result of drinking some form of poisoned alcohol.

The military authorities at Edgewood said last night they did not know whether the men brought the liquor with them or drank some of the alcohol stored on the post for experimental and manufacturing purposes. The Government alcohol, they admitted, had been rendered deadly to deter soldiers from stealing and drinking it. The dead are: William Richmond, Philadelphia; John A. McCuen, Alexandria, Va.; William F. Meyer, 509 North Gay street, Baltimore; Joseph Langley, 1017 West Barre street, Baltimore, a native of Alexandria.

George Murphy, of Baltimore; Nelson Lullius, of Rochester, N. Y.; James Davis, of Salisbury, Md. The last of the poisoned men Michael O'Leary, of Baltimore, was in a dying condition at last report. Efforts of the military authorities to find out where the liquor came from have been frustrated by the refusal of any of the men to tell where they got the deadly stuff.

A large quantity of alcohol for chemical uses is stored at the post, the military authorities said. Quantities of this had been missed from time to time, it is said by the authorities. Two weeks ago, although they had been warned by Capt. Roy A. Hungerford, executive officer, that the alcohol was denatured and made poisonous, a number of soldiers stole the alcohol and drank it after diluting it with water. They were made ill. Thereupon the commanding officer, Major E. J. Addison, in orders of the day, announced that the alcohol would be rendered deadly. This warning not only was transmitted to the soldiers, it is stated, but to the civilian personnel as well.

The ingredients used to secure this effect was chloroacetone, it is stated, which is an ingredient of poison mustard gas. A number of those who are ill and those who died left the camp Saturday, Sunday and Monday (Labor Day). This absence from work, the authorities say, makes it difficult to ascertain whether the drink they consumed was secured somewhere outside of the post, was procured from some soldier or taken by the men who drank it from the store of the post.

The men became ill Monday night, and McCuen and Meyer died, Richmond died yesterday morning. Langley died last night.

An inquest was held yesterday over the three who were dead at that time by Justice of the Peace Howard W. Lewis, of Edgewood. Testifying before this, Lieut. Col. Frank C. Woodberry, of the Medical Corps, regular army, who treated the men, said the men had every symptom of wood alcohol poisoning before they died. They became blind, he said. The coroner's jury rendered a verdict that the men had died either from wood alcohol poisoning or from denatured alcohol poisoning.

Lieut. Col. Woodberry repeated last night that there could scarcely be any question about the symptoms. Asked if it would have been possible for alcohol treated with the mustard-gas ingredient to have had the same effect, he said the symptoms were quite familiar to him and were those of wood alcohol poisoning.

SOME JONAH MUST HAVE SAILED WITH TRANSPORT

New York, Sept. 8.—An adventurous voyage of 30,500 miles was completed by the United States Army transport Edgelynn upon her arrival here yesterday.

The Edgelynn, chartered in January by Czech-Slovakia to carry troops from Vladivostok to Trieste, left New York, January 17. She sailed to San Pedro, Cal., thence to Honolulu and Vladivostok, from Vladivostok to the Suez through which she was unable to sail because of an international tangle—then back to Honolulu, through the Panama Canal to Trieste, to Patras, Greece, and to New York.

During the voyage Captain Geo. Tucker, U. S. Army Medical Corps was stricken with appendicitis and left at Gibraltar. The ship's steward dropped dead as a result of heart disease. The wife of a member of the crew gave birth to a six pound girl, christened Edgelynn.

During the christening celebration a youth ate so heartily he provoked the first officer's suspicion. He was a stowaway. His home is at Patras. He was left at Ellis Island.

While en route from Vladivostok a Czech soldier became insane and jumped overboard. On the trip out the Edgelynn ran into a typhoon and after twelve days, battered and leaking, put in a Yokohama for repairs.

STRIKERS FIRE ON B. R. T. TRAIN

New York, Sept. 9.—A Brooklyn Rapid Transit train, operated by strikebreakers on the Culver line in Brooklyn today, was fired upon by strikers or strike sympathizers. No one was wounded. The attack was made near the Washington cemetery, and three shots were fired. An automobile with 9 men in it raced alongside the train while the shooting was being done. One bullet crashed through a window, the other two struck the top of a car.

LENROOT HAS SLIGHT LEAD IN WISCONSIN

Milwaukee, Wis., Sept. 8.—Scattering and very incomplete returns available yesterday morning indicated the probable renomination in yesterday's primaries of Senator Irving L. Lenroot as the Republican candidate for United States Senator.

Such returns as have been received give Lenroot a slight lead over James Thompson, candidate of the La Follette faction.

In the gubernatorial race Roy P. Wilcox appeared to be leading James J. Blaine, La Follette man for the Republican nomination.

COX BETTORS ASK 3 TO 1 ODDS IN WALL STREET

New York, Sept. 8.—Money to wager on Gov. Cox in the Presidential election, is growing in volume in Wall Street, but since the Governor's supporters are demanding 3 to 1 very little actual betting is being done.

The followers of Senator Harding will give only 2 to 1, and there is said to be several thousand dollars in the market at that price.

One curb house, which makes a specialty of such wagers, has between \$10,000 and \$15,000 which it is ready to place on Cox at odds of 1 to 3. One bet of \$1,000 was reported yesterday at even money that Gov. Cox will carry his own state.

SINN FEIN BOWS TO OWN COURT'S MANDATES

Belfast, Sept. 8.—An incident has just occurred here which illustrates how Sinn Feiners, who are defying all British institutions, obey the mandates of their own institutions.

Three men, concerned in the recent outrage against a woman because she continued to supply milk to the police, were arrested by Irish volunteers and sentenced to two years' exile by a Sinn Fein court. They promptly left the country.

64,256 CARS LOADED IN WEEK

Washington, Sept. 8.—Decided improvement in the car situation was indicated by figures made public last night by the Car Service Commission, showing that 64,256 freight cars were loaded during the week ended August 21.

This was the heaviest car movement for the year, according to the commission, and closely approached the number of cars loaded for any one week during the war.

EXILED AUSTRIAN NOBILITY FORCED TO EARN LIVELIHOOD

Geneva, Sept. 8.—Eighty members of the Hapsburg family are in great financial distress, former Empress Zita of Austria said to a visitor today in Prangins, where she and the former Emperor Karl are living. They are chiefly archdukes, archduchesses and minor branches of the dynasty. Their incomes have stopped and they have also suffered great loss through the rate of exchange.

The exiles have been forced to work to live, several archduchesses becoming governesses and others becoming maids. The archdukes are entering business as junior clerks.

SUFFRAGE VOTE O. K. SAYS TENN. OFFICIAL

Washington, Sept. 8.—Miss Alice Paul, head of the National Woman's Party, returned here today from New York, where she had been arranging for a meeting of the leaders of her organization Friday.

"We received this morning," said Miss Paul, "a detailed statement from Attorney General Thompson, of Tennessee, saying that under the constitution and laws of his State and the United States the Suffrage Amendment was properly ratified by the Tennessee Legislature."

THIRSTY CAMEL RAIDS FAIR.

Drinks 10 Gallons of Lemonade in Five Minutes by 50 Indianapolis

Indianapolis, Ind., Sept. 8.—Fifty Indianapolis policemen on special duty at the Indiana State Fair were called upon early yesterday to quell a camel which apparently had not had its drink during the last eight days.

It wandered from its own show grounds into a soft drink booth and drank ten gallons of red lemonade before the police and the camel trainer could get it back into "The Garden of Allah."

Prisoner Escapes

Negro From Fairfax Jumps From Hospital Window to Freedom

Feigning that he was ill with appendicitis a prisoner in the Fairfax county jail succeeded in having himself transferred to the Alexandria Hospital for treatment and no sooner had he arrived at that institution he jumped out of the window and to all intents and purposes became suddenly well and the hospital authorities are wondering if he was not suffering from the effects of being confined in a small cell at the jail in Fairfax instead of appendicitis.

So successfully did the man work his plan that he convinced the authorities he was really ill. After being brought to the hospital, he was placed in a room for examination. Left alone for a moment he raised the window screen and jumped from the second story to the lawn and all trace of him has since been lost.

The negro was awaiting trial in Fairfax on a charge of burglary.

MAN HAS HARD LUCK

J. Emmett Suddarth Has Leg Broken by Auto After Picking Pocket. Book Containing \$275

A broken leg and the loss of his pocketbook containing \$275, was the ill luck that befell Emmett Suddarth, 26 years old, a bridge painter of 123 B St., northwest, Washington, when struck by an automobile driven by James Pullman of Fairfax county early last night.

Suddarth was just returning from a visit to his aunt, Mrs. Annie Suddarth, at 1927 Duke street. He was coming east on Duke street when he was struck while at that street and what is known as Diagonal road. Mr. Pullman was driving towards west on that thoroughfare. He placed Suddarth in his machine and conveyed him to the Alexandria Hospital. Drs. Delaney and Warfield reset the left leg which was broken just above the left ankle.

Just at the time he was struck Suddarth pulled his pocketbook containing his money out of his pocket and was in the act of transferring it to another pocket which he thought more secure in the event he was attacked. It being a dark road at night. When struck the pocketbook was hurled from his hand and efforts on the part of Sgt. Campbell and Policeman Swilling to find the pocketbook last night were unavailing. The search was resumed this morning by the police without success.

RED MEN OF HERNDON, VA. TO VISIT SEMINOLE TRIBE

On Thursday evening, September 9, Seneca Tribe No. 43, of Herndon, Va., will visit Seminole Tribe No. 35, of this city.

The Red Men of Herndon will come by automobiles and bring with them several ralefactors on which the degree of Seminole Tribe will confer the degrees and make them full degree warriors.

The meeting will take place in Odd Fellows Hall on North Columbus street, and will begin promptly at 8:30 p. m.

A large delegation of Red Men is expected to attend conferring of the degrees.

Banquet Sept. 21.

General Secretary Williams Will Address Directors on That Occasion

P. B. Williams, general secretary of the Young Men's Christian of Toledo, Ohio, will make the address at the Y. M. C. A. banquet at the Westminister Building, Tuesday evening September 21. This was decided at the regular monthly meeting of the board of directors of the Y. M. C. A. at the Chamber of Commerce last night.

It was decided at the August meeting of the Association board to invite the men of the various churches of the city to a banquet of the Association at which time a speaker of national prominence would outline the possibilities of the organization that has lately been organized in the city. It is also proposed at this meeting to announce as far as possible the winter program of the Association.

Fortunate indeed will the man be that receives invitations to this bit of courtesy on the part of the "Y" board. Mrs. Carroll Pierce of the Ladies' Auxiliary of the Y. M. C. A. will have charge of the dinner and it is said that the women of this famous body of caterers have decided to outdo any of their previous efforts on this occasion.

The general secretaries report was a vacation report but detailed a rather busy month for a vacation month. Mr. Wallace, the secretary attended two state meetings at which he spoke during the month. He spoke 14 times to 1448 people, attended seven committee meetings, made two educational trips, made 84 calls and engaged in extension work touching 515 people.

Fixe ex-service men have been granted general scholarships by the educational committee of the Association, one to take a course in cartooning, one in electricity, one in the University of Virginia, one in automobile mechanics and one in agriculture. The committee has several hundred dollars yet to spend in the education of the ex-service men and desires that anyone knowing of worthy cases desiring assistance should communicate with the Y. M. C. A. and the case will be immediately looked into.

2000 REPORTED KILLED IN QUAKE

Towns in Tuscany, Italy Laid Waste—People in Panic

ASSISTANCE RUSHED

Fifty Seven Bodies Recovered at one Point—Pisa's Leaning Tower Trembles—Many Injured.

Rome, Sept. 8.—Over 2,000 persons are dead and many more injured as the result of earthquakes in Tuscany yesterday morning, according to warrenting reports reaching here last night.

The town of Villa Colle Mandina, in the province of Massa Carrara, with a population of 2,000, was entirely destroyed. Twenty are known to have been killed there and many others injured.

At Gallinara in the province of Pisa 67 seven bodies had been recovered from the ruins. Castellione, Pieve Fosselano, Camperiano and Casignano have been badly damaged.

Assistance has been sent to the scenes of the disaster.

Grave reports of the damage sustained in various towns throughout Tuscany are being received here.

GOVERNOR COX IN NORTH DAKOTA

Minio, N. D., Sept. 8.—Governor James M. Cox, Democratic nominee for President, carried his flight yesterday to the plain folk of the great wheat and cattle raising country of North Dakota. During his stay, he especially on "big business" and reaction, and denouncing William Barnes and other leaders of the Republican Party who, he alleged, had tied them selves up with sinister interests as they did in 1912. Governor Cox delivered his message to crowds in eight towns which dot the long stretchers in the northern part of the State.

Governor Cox has never been west of the Mississippi before and he greatly enjoyed his experiences today. He discussed the problems, political and economic, in which the voters are concerned. He told the people he was going to talk to them in terms that could not be misunderstood, and that he was glad to be out among them. To prove it he held up his train at several stops until the railroad officials were fretful and worried, so that he might get down from the rear platform and shake hands. At one stop, Devil's Lake, the Governor kissed two babies to the delight of their mothers.

The crowds seemed to like Governor Cox and the way he went about making friends with them, and there was much talk about it wherever he stopped for a few minutes. The people enjoyed it when he interpreted his statements concerning progress and reaction in government, with remarks about practical farming and cattle raising and proved that he knew what he was talking about.

During one of these talks there was an amusing incident. Governor Cox was discussing crops and asked: "When does your frost arrive?" "When Senator Harding comes here," replied a man in the crowd. There was laughter and applause.

Issue 711 Permits

For Two Days Total is 1883—Schools Resopen Monday

A total of 711 permits today were issued to children to attend the public schools. They are divided as follows: Low school, for girls, 414; Washington school, for boys, 240 and high school, for boys and girls 57. This makes a grand total of 1883 permits issued since yesterday. Tomorrow permits will be issued at Lee school for colored children to attend the schools.

As heretofore stated the schools will reopen for studies Monday morning.

ADVANCE OF THE HIGH SCHOOL

The triumphant march of the American high school is revealed in statistics just compiled by the Bureau of Education. Barely a half-century old, this distinctive American institution has grown until now there are nearly 17,000 public high schools, with a million and three-quarters students. Evidently the American public is coming to accept high school education, instead of "eight grade," as the minimum for an educated citizenry. There is no such thing, however, as a "typical" high school. In number of pupils, in teaching force, in kind and abundance of opportunities, the high schools vary with the size of the communities they serve. They range from the city high school with its thousands of pupils, and widely diversified courses, to the undeveloped country high school just struggling into being, with one or two overworked teachers and a restricted course of study. New York has four of the five largest high schools. The very latest is the Polytechnic Evening High School (for boys) of Los Angeles, Cal., which had an enrollment last year of 8,440. The Bureau of Education report places the Commercial High School of Brooklyn second, with 7,508 pupils; Morris High School third, with 6,748; Washington Irving high with 5,745; and Stuyvesant fifth with 5,225. There are 278 high schools in the United States that have more than a thousand students. The average city high school has 622 students; the average rural high school 59. More than 76 per cent of all high schools offer at least a four-year course. There are 60 times as many teachers in the high schools today as there were in 1890.

All these facts and more that are brought out in the bureau's survey show the determination of the American people to go beyond any thing any nation has yet attempted in public secondary education.

FRANCO-BRITISH RELATIONS

French opinion has come to regard with the utmost dissatisfaction the results of the various conferences at San Remo, Hythe, and Spa. Suspicion is prevalent that these deliberations have had no other purpose than to whittle down or postpone the obligations imposed upon Germany by the Peace Treaty. The recent divergence of policy on the subject of Poland and Soviet Russia was merely an open manifestation of the conflict of opinion which has existed between France and England for many months. France complains that, while England has secured her share of the fruits of Germany's defeat, the compensatory clauses of the Versailles Treaty remain unfulfilled, although the time limit has expired. Moreover, it is felt that the prevalent attitude and delays on the German side are largely possible simply because the Franco-British front is no longer unbroken. Naturally, these complaints and misunderstandings have not been all on one side. A section of the British public, represented in the main by the Liberal press, is never reluctant to assume the role of moral arbiter against France. Radical journals like the London Daily Herald have dared to refer to France as "the mad dog of Europe," and more responsible organs of the type of the English Nation preach the same gospel in more guarded terms. Intelligent observers in both countries are pointing out how essential it is to adjust once and for all that the interests of the two must necessarily diverge at certain points. For England the defeat of Germany was the destruction of a continental hegemony, for France it was the restoration of a national existence. It is the great aim of the League of Nations to establish the understanding whereby

the purely national standpoint shall make way for the exchange of views out of which the international mind is substituted.

SEEK ELECTION

BILL PASSAGE

Trenton, N. J., Sept. 8.—The New Jersey Legislature will meet tomorrow and while there has been assertion that the session will be brief, it was rumored today that many of the members have bills they contend are very important and must receive attention. Providing that a number of matters are taken up it seems likely the session may be prolonged until nearly time for the new body to assemble.

Some of the Republican legislative leaders want to confine the work of the session to the consideration and passage of three election bills, one supplemental appropriation measure and some kind of housing legislation. So far the only legislative subjects proposed by the Republican leaders who want a short snappy session relate to minor amendments to election laws legislation on the subject of housing and passage of a \$125,000 supplemental bill to meet deficits in some of the State departments for the fiscal year, which ended June 30 last. It is pointed out that some amendment will be necessary to the election laws to take care of the women voters and this will possibly be given first consideration.

POLAND ASKS LEAGUE TO BLOCK NEW WAR

London, Sept. 8.—The Polish Government has addressed an appeal to the League of Nations, requesting its mediation in the Polish-Lithuanian dispute.

Unless an improvement occurs in the situation Poland will be compelled to declare war on Lithuania, the appeal states.

The communication declares an unprovoked attack had been made on the Polish troops by Lithuanian forces. The Polish demand is, the note indicates, that the Lithuanian troops evacuate Polish territory within a few days, and urges that the League use "all means at its disposal" to avert the necessity for war.

The League of Nations is considering the appeal.

SHIP FUND SEIZURE

Nearly \$5,000,000 Involved in Trans action on Which U. S. Claims Income Tax

Washington, Sept. 8.—Commissioner Williams, of the Bureau of Internal Revenue, has asked the Department of Justice to take jurisdiction of this case, growing out of the recent seizure by revenue agents in New York of nearly \$5,000,000 involved in a shipping transaction, and on the profits of which, it is alleged, the interested parties sought to avoid payment of income taxes.

The papers in the case are understood to carry with them no recommendation, and the questions of violation of revenue laws, if any has been committed, was left entirely to officials of the Department of Justice. All were silent, as was Mr. Williams, who explained the affair was one entirely of income taxes and he therefore, was not at liberty to discuss the case.

MOVIE SCHOOLS LURE ASPIRING SCRUBWOMEN

New York, Sept. 8.—"Moving picture instruction schools" aiming at ability to transform all-comers into "film stars" for the modest sum of \$77 or thereabouts, are under investigation by District Attorney Lewis in Brooklyn.

Scrubwomen and mothers of large families were said today by Mr. Lewis to have fallen victims to advertisements for "pupils" paying a "classifications test" fee of \$2 and subscribing to complete course of twenty

MACSWINEY WEAKENS

Hunger Striker Retains Consciousness and is Able to Speak, However London, Sept. 8.—Terence MacSwiney, Lord Mayor of Cork, who has been on a hunger strike since August 12, and for several days has been in a critical condition in Brixton prison, was reported appreciably weaker this morning, but conscious and able to speak. Father Dominic, private chaplain to MacSwiney, said the prisoner was suffering intense pain in the left side of his abdomen and in the heart.

Regarding the statement made by Premier Lloyd George indicating that Mayor MacSwiney probably would be released if guarantees were given that the murder of police in Ireland would cease, Father Dominic said the Mayor had no authority to make any promise for the cessation of murders in Ireland, as he was only an individual Sinn Feiner.

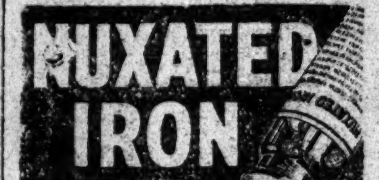

"If the government is satisfied that murders are taking place," Father Dominic added, "why doesn't it capture the murderers and execute them?"

In a message to sympathizers with Mayor MacSwiney in America, Mrs. MacSwiney today said:

"I wish to express to all the Irish people and many sympathizers with Ireland's cause in America my deepest appreciation of the messages and telegrams I have received from them ever since my husband started hunger striking twenty-five days ago."

ARABIC COINS

Arabic coins have a sentence from the Koran and generally the calligraphic name, but never an image.

Dr. Ferdinand King, New York Physician and Medical Author, says:
"It is my opinion that in practically all cases of iron deficiency and resulting weakness, the use of Muxated Iron is the best remedy. I am convinced that there are thousands of people who, simply by taking Muxated Iron, might avoid the use of blood-purifying, cathartic, and other harmful medicines, and secure a healthy, robust, and vigorous body."

MYSTERY IN SILK MAN'S 13-STORY FALL

New York, Sept. 8.—Adolph L. Unger, a silk manufacturer, either plunged or fell down the elevator shaft from the thirteenth floor of a loft building at 489 Fourth Avenue, in which his plant was situated, yesterday afternoon, and was killed. He is recorded as a "suicide" on the blotter of the West Thirtieth Street Police Station. The police assert Mr. Unger told a man over the telephone shortly before his fall, "I'll be dead when you arrive," when this person promised to go to Mr. Unger's office and pay a sum of money he owed him. This man arrived at the building just as the silk manufacturer's mutilated body was being removed by the police.

Chief Medical Examiner Norris, on the other hand, while declaring it a suicide, said he did not make a care-

ful investigation, but on the ground that there has been a great decline in the silk market recently, considered that Mr. Unger might have suffered losses which made him despondent.

MONEY IN WOOD LOTS

Wood lots yield to the farmers something like \$195,000,000 in a single year, says the American Forestry magazine, but they might with systematic management and care, produce several times that much.

Owners' Approval Is Like a Rousing Cheer

The Cleveland Six, from coast to coast, is establishing its place in motordom. The bitter cold days of the Northern winter have proved its ease of starting, just as the hot summer days, when hundreds of new Clevelands were being driven across the country, proved the perfection of its radiation.

The Cleveland Six is in the hands of owners all over the United States today, and the chorus of satisfactory approval from these owners is like a rousing cheer. They say the car surprises them, pleases them, delights them. Its pliant power, its simple ease of handling, its boat-like

comfort, surpass all expectations. If you hope and plan to start the new season with a new five-passenger touring car which is a real six, or such a car of roadster type with wide, deep seat of restful cushioning and plenty of stow-away space, then come in and see the Cleveland Six.

A study of this car will interest you.
A ride in it will convince you.

Tire Mileage Increased and Cost Reduced—for Small Cars

You can buy Goodyear Tires today at prices which are no higher than they were ten years ago.

And from these tires you can now obtain more actual mileage due to advancements made by Goodyear in their construction since 1910.

The present cost of Goodyear mileage therefore is decidedly less and this fact applies to all the line, including the 30x3, 30x3½ and 31x4-inch size Goodyear Tires built especially for small cars.

If you own a Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—get exceptional mileage at very low cost.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread... **\$23.50**

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... **\$21.50**

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casing when such sure protection is available? 30 x 3½ size in waterproof bag... **\$4.50**

VIRGINIA NEWS

Danville—George Denecourt, a laborer, was badly cut about the neck and shoulders late Sunday night and Henry Eanes, who is accused of the cutting, is held for the grand jury. Denecourt, it is said, gave Eanes \$10 to buy liquor. Eanes is alleged to have passed it on to a friend who lost it in a crap game. When Denecourt claimed his money a fight is said to have resulted.

Danville—The first formal Democratic rally in Virginia was held yesterday at Stuart in Patrick Co., where St. George Tucker, former Congressman, and M. E. Booker, of Halifax, State Senator, made addresses at the courthouse before a large audience of Patrick County men.

Richmond—All data collected by the department of justice agents investigating the coal situation in the Hampton Roads district will be laid before the coming grand jury of the United States district court at Norfolk and as many indictments asked as it is deemed advisable, district Attorney Hiram M. Smith declared yesterday afternoon on his return here from Norfolk.

Bristol—Wise County Democrats at a meeting at Norton, elected 32 delegates an alternates to attend the Ninth district congressional convention here Thursday, when a candidate for Congress will be nominated. A mass meeting of Bristol Democrats endorsed Bolling H. Handy, attorney and former overseas man for the congressional nomination.

Lynchburg—Robert Williams, colored, was indicted in Corporation Court today on charge of criminally assaulting Miss Annie Ross, white, here a month ago. Duncan Drysdale was assigned as counsel to the negro, who has confessed to the police and to former Mayor Jester. The time for the trial has not yet been announced.

Fredericksburg—O. Emmerson Smith has sold the Woodstock farm, 280 acres, in Middlesex county, to Mrs. Frank Edward Johnson, of Washington, for \$45,000. Louis C. Schmidt has sold his farm, Locust Grove, 500 acres, on the Rappahannock River, in Middlesex County, to W. H. Lawson, for \$25,000.

POISONED ALCOHOL

KILLS SEVEN

(Continued from page one)
One of the dead men, Meyers, had a program of Saturday's racing card at Timonium in his pocket. He was pressed to tell where the poison drink was obtained, but refused to talk. It is believed he came to Baltimore Saturday and Sunday nights.

The device by which the store of alcohol at the arsenal was guarded up to two months ago was electrically charged wire and civilian watched. Two months ago this was changed, the electrically charged wire being cut down and the civilian watchmen being replaced by a military sentinel, the post authorities stated. The authorities tonight explained the various rumors that have been current here that men in rubber gloves had cut the wires around the store and stolen the alcohol, by pointing out that the camp's own workmen had cut the wires, and that this, perhaps, gave rise to rumors as to burglary of the alcohol store.

An official board of inquiry into the deaths will convene today to investigate the deaths. Justice of the Peace Lewis is also conducting an investigation.

Little is known of the men who fell victims to the poison. Most of them had only been employed at the arsenal a short time. The first three to die had been employed only about a week. Several were not known to each other, it is said.

Mrs. John T. Hunter, 1017 West Barre street, sister of Langley, with whom he had made his home for the last 18 or 20 years, was notified of his death by Northern district police and went immediately to the arsenal.

On her return last night she said that army officers had refused her permission to view the body of her dead brother, saying that she would not be allowed to see or remove the remains until after a further investigation.

Mrs. Hunter said that a soldier from the proving grounds told her at Union Station while she was waiting for a train that he knew the men at the arsenal had put on rubber gloves and cut the wire inclosure surrounding the alcohol tanks with pinners.

Langley is survived by a son, Jack Langley, 14 years old, who also lives with Mrs. Hunter; his parents, Mr. and Mrs. J. W. Langley, and six brothers and another sister, all of Alexandria, Va. He was a foreman of civilian employees at the proving grounds. As soon as released by the military authorities his body will be brought to Baltimore for burial.

WALKS BRISKLY FROM WHITE HOUSE

Washington, Sept. 8.—President Wilson, without assistance and leaning lightly on his cane, walked briskly through the front entrance of the White House today and stepped into his automobile, while a crowd in Pennsylvania Avenue looked on with unusual interest. It was the first time since his illness that the President had

Norfolk Woman Gives Out Facts Had to Sleep in Sitting Position and Relatives Feared She Would Never Get Well

"I just wish I could see that Petersburg gentleman whose testimonial caused me to take Tanlac," said Mrs. W. B. Canada, 133 West High street, Norfolk, Va., "for I want to thank him and tell him that I believe the medicine has saved my life."

"Just about one year ago I began to have slight pains in the pit of my stomach, not severe enough at first to cause me much inconvenience, but they kept getting more frequent until finally I began to have them every day and each day they became more intense. I first stopped eating meats, thinking they caused my pain, but after awhile everything got to hurting me and then I knew I had a bad case of nervous indigestion. I would bloat up terribly with gas and my heart would palpitate so fast I could not count the beats. I was so nervous I could hardly sleep or rest. Many a time the gas rushed up around my heart so bad I could hardly keep from screaming. I could not even take a long breath for this pain around my heart, and I had to sit up in bed night after night. For several months I lived on milk and toast, and when that disagreed with me I resorted to milk and eggs and lived on that. I lost weight and strength and suffered so much that it was impossible for me to do any of my housework. I was so nervous, weak and dizzy at times that everything in the room seemed to be whirling around. "One day I read a statement made by a Petersburg man who told his friends, while coming from church one Sunday when they asked him what made him look so much better, that Tanlac did it. Well, as soon as I read that statement I decided to get a bottle of Tanlac, and the results were astonishing. The second bottle put me on my feet and while I have only taken four bottles so far I am already a well woman and have also gained ten pounds. The indigestion has left me and everything I eat tastes good and agrees with me. Since the gas has stopped forming on my stomach I can take a deep, long breath and I never have a spell of palpitation or a pain of any kind. I feel as strong and well as I ever did, am doing all my housework and never get tired."

started on a motor trip by that route, all trips heretofore having started from the rear grounds. After entering the car with Mrs. Wilson, the President, wearing a cap, waited several minutes until an attendant could bring his straw hat. Meanwhile the crowd increased and made a rush for the gate on the avenue as the car approached. The President lifted his hat and smiled.

3000 REPORTED KILLED IN QUAKE

(Continued from Page One)

Deep rumblings and followed by vertical and horizontal earth tremors which lasted for thirteen seconds.

The population, terror stricken, fled from their homes, the women and children shouting and weeping. The squares of the city were soon filled, but a majority of the people fled to the fields. The hands of the clock in the tower stopped at 7:45 o'clock yesterday morning. Bells in the va-

DODSON WARNS CALOMEL USERS It's Mercury! Attacks the Bones, Salivates and Makes You Sick

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work! Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

OLIVE THOMAS, MOVIE STAR, SUFFERING FROM POISON

Paris, Sept. 8.—Olive Thomas, wife of Jack Pickford, was admitted to the American Hospital at Neuilly early Sunday morning suffering from mercurial poisoning. The closest secrecy veils the affair. Outside nurses have been engaged. The husband is a daily visitor.

Numbers of persons were gravely injured by falling masonry. Others were hurt by jumping from windows. At Pontedera a boy 16 years old died from fright.

The news received here from Fivizzano indicated a grave situation there. It has been impossible as yet to obtain details of the damage or the number of victims owing to interruption of the telegraph and telephone lines. A band of rescuers has left Spezia for Fivizzano, accompanied by the prefect and the commander of the Carabinieri.

London, Sept. 8.—The town of Fivizzano, 34 miles northwest of Lucca, has been completely demolished by an earthquake, according to a Spezia dispatch to the Exchange Telegraph. The dispatch adds that Solero and Monte were badly wrecked.

This section certainly owes a lot to the automobile

LOOK at it just from the business standpoint, compared with, say, ten years ago—or even five.

Everything speeded up—made easier. Nearly every business man depending on the automobile to transport himself and his products.

That is one reason, perhaps, why more attention is being paid to tires—why tire costs are being figured closer and people are beginning to look for better tires.

We believe that people are entitled to better tires—the best they can get.

Not only the man with the

big car, but the man with the small car, and the medium sized car.

We represent U. S. Tires for that reason—because their policy is the same as ours—every tire as good as you can get it, regardless of the size of the car it is to go on.

It was that policy which led to the introduction of the straight side automobile tire, the pneumatic truck tire.

And you can't beat it. U. S. Tires are guaranteed for life, with no limitation of mileage.

It will pay you to talk to us about tires, if you are looking at them from a business standpoint.

READS WIFE'S PLEA AS JUDGE GRANTS LIBERTY

Cleveland, Ohio, Sept. 8.—Acting as "judge" in the divorce suit filed by his wife, Henry J. Pohl, 66, Spanish, yesterday rendered a verdict in favor of the woman, and killed himself here yesterday. A note left by him was as follows:

"Having read and re-read my wife's petition for divorce, I have decided to become the judge. As judge I award her her freedom and alimony in the shape of my pension. Out of the alimony, however, I reserve \$25 to be used in cremating my body, after which my ashes will be given to the winds."

RICHMOND THEATRE

Ethel Clayton in "Young Mrs. Winthrop" is the bill for the Richmond Theatre. This is from the play by Bronson Howard, the famous American dramatist. It's a story of a young married couple, their mistakes and misunderstandings, and their final happiness.

A Paramount Mack Sennett comedy will also be shown.

INGOMAR THEATRE

The theme of woman in politics is handled in an entirely novel way in "Her Honor the Mayor," a new William Fox screen comedy, which opens tonight at the Ingomar Theatre. There is keen interest in this production because it gives beautiful Miss Eileen Percy, a well known leading woman of the stage and motion pictures, her first opportunity to shine as a star.

ROBBIE BURNS

\$200,000 BONDS

New York, Sept. 8.—Charged with complicity in mail robberies totaling \$2,000,000 for which his brother-in-law, James Johnson, 25, colored, was arrested and sent to the Tombs in default of bail, Thaddeus Joseph Van Buckley Rainbow Starkey, 25, also colored, today is under arrest. According to detectives, Starkey has confessed.

In his alleged confession, Starkey told the detectives that in June Johnson came to his house with a bundle of letters from a mail pouch. Johnson, detectives say, had been a mail wagon driver fourteen months. The letters, says the confession, were from foreign countries, and with them were two

ALL WORN OUT

Does morning find you with a lame stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Alexandria people endorse Doan's Kidney Pills. You can rely on their statements.

Mrs. M. E. Williams, 523 Oronoco Street, Alexandria, says: "I was so had off with pains in my back I was about all worn out. I would put my hands on my back trying to relieve the pain through my kidneys. When I bent over I could hardly straighten again. This weakened me very much and made me so nervous I could hardly stand the least noise. Dizziness affected me when I bent over and everything would turn black. My kidneys didn't act at all right. I tried different things such as putting turpentine on the small of my back until it would blister. Nothing did me any good until I started using Doan's Kidney Pills. I kept getting better right along and was soon cured."

boxes containing a platinum bracelet set with diamonds and two platinum rings. The men kept the jewelry, Starkey told the detectives, and burned the letters.

In the bag they found bonds valued at \$200,000. These, said Starkey, were burned.

MILLERAND THANKS K. OF C.

Paris, Sept. 8.—Premier Millerand yesterday sent formal greetings to the American Knights of Columbus on their return from a fortnight's tour of Alsace-Lorraine, Switzerland, Italy and Southern France. The premier's note said: "You have witnessed France, with her glorious scars. You appreciate France's efforts to retain her place in the vanguard of civilization (as Supreme Knight Flaherty so well put it)."

In reporting your impressions

to your compatriots you will render France a great service. To your thanks of the warmth of the official reception accorded you, I return the thanks of the French Republic for the generous friendship you have manifested toward France."

Daniel J. Callahan, Washington; the Rev. P. McGivney, Bridgeport, Conn.; William F. Cox, Indianapolis; Jas. J. McGraw, Ponca, Okla.; William Dwyer, St. Paul, and Jas. J. Myers, Carol, Iowa, have been awarded decorations by the minister of public instruction. A majority of the knights will leave for the United States Saturday on the steamer Lafayette.
